

children & ADULT — Art Classes —

WHERE: Senior Center, 42651 Big Bear Blvd.

COST: \$96 per month (plus a one time registration and materials fee of \$35)

ADULT CLASSES

Similar to the structure of the children's art classes, we will start with a traditional fine art foundation. You will learn how to break drawings into basic shapes, how to compose your work, and how to apply shading and tones.

We start with a sketch, then layer soft pastels on top. Once you are comfortable with this media, you have the option to progress into markers, colored pencil, water colors, charcoal, and oil painting. We will start using pictures that I provide, but you are welcome to bring in your own photographs to paint from as we progress! This class is 2-hours long with availability on Monday and Wednesday evenings.

ADULT ART CLASS: Monday & Wednesday
5:30pm to 7:30pm

Children's CLASSES

Join Lindsay for an hour long directed drawing and painting class using traditional fine art instruction. Students are taught to draw what they see using basic shapes as their foundation. Each picture is then colored and shading and details are added to create beautiful works of art. Each student is taught individually in a group setting that supports growth and independence for the student.

This is a progressive class where each lesson is the foundation for the next, and you or your child may start any time!

Children's Art Class: Monday 4pm to 5pm
Tuesday 4pm to 5pm &
5:15pm to 6:15pm
