This report presents the findings of the research and financial analysis performed by David Taussig & Associates, Inc. to determine the special tax requirement for Community Facilities District No. 2002-1 ("CFD No. 2002-1") of the Agua Mansa Industrial Growth Association ("AMIGA") Special Tax Bonds, Series 2014, (the "Bonds") for fiscal year 2017-2018.

CFD No. 2002-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2002-1 is authorized to issue up to \$16,500,000 in bonds. CFD No. 2002-1 issued \$12,705,000 in bonds in July 2003 (the "Series 2003 Bonds") to pay, repay or defease the 1992 Bonds and in favor of the levy of a special tax consistent with the Special Tax Formula on land within the District to pay the principal and interest on the Bonds, to pay administrative expenses of the District, and to make any replenishments to the Bond Reserve Fund.

The Series 2003 Bonds were refunded in February 2015 by the issuance of \$9,170,000 in Special Tax Bonds (the "Series 2014 Bonds").

The bonded indebtedness of CFD No. 2002-1 is both secured and repaid through the annual levy and collection of special taxes from property subject to the tax within the community facilities district. In calculating the special tax liability for fiscal year 2017-2018, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2002-1.

This report is organized into the following sections:

Section II

Section II provides an update of the development activity occurring within CFD No. 2002-1.

Section III

Section III analyzes the previous year's special tax levy.

Section IV

Section IV determines the financial obligations of CFD No. 2002-1 for fiscal year 2017-2018.

Section V

Section V reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property in CFD No. 2002-1. A table of the 2017-2018 special tax rates for each classification of property is included.

Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment of Special Tax (the "RMA"). The Rate and Method of Apportionment defines four classifications: Taxable Property, Property Owner Association Property, Public Property, and Taxable County of Riverside Property.

Development Update

Review of the County of San Bernardino's and County building permit records indicate that no new building permits have been issued within CFD No. 2002-1. One certificate of occupancy was issued in 2015 by the City of Jurupa Valley. Certificates of occupancy have been issued for 157.63 acres to date. Table 1 below indicates the current amount of developed, developing, and undeveloped property within CFD No. 2002-1.

SECTION III. FISCAL YEAR 2016-2017 SPECIAL TAX LEVY

The total special tax levy for fiscal year 2016-2017 equaled \$638,016. As June 5, 2017, all of the special tax has been collected in full.

SECTION IV. FISCAL YEAR 2017-2018 SPECIAL TAX REQUIREMENT

For fiscal year 2017-2018, the special tax requirement for CFD No. 2002-1 is equal to \$684,912 and is calculated as shown in Table 2 below.

Maximum Special Tax Rates

The amount of special taxes that CFD No. 2002-1 may levy is strictly limited by the maximum rates set forth in Section C of the Rate and Method of Apportionment.

The fiscal year 2017-2018 maximum special tax rates for each classification of property in CFD No. 2002-1 are shown in the table on the following page. Each July 1, commencing July 1, 2004, the maximum special tax rates shall be increased by an amount equal to two percent of the amount in effect for the previous fiscal year.

Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section E of the Rate and Method of Apportionment for CFD No. 2002-1. The Board shall first determine the special tax requirement. Section E apportions the special tax requirement in three steps that prioritize the order in which Taxable Property, Property Owner Association Property, Public Property, and Taxable County of Riverside Property are taxed.

The first step states that the special tax shall be levied proportionately against each parcel of Taxable Property and Taxable County of Riverside Property at up to 100 percent of its applicable Maximum Special Tax to satisfy the Special Tax Requirement.

If the special taxes raised pursuant to the first step are less than the Special Tax Requirement, then the second step is applied. The second step states that the special tax shall be levied proportionately on each parcel of Property Owner Association Property at up to 100 percent of its applicable Maximum Special Tax to satisfy the Special Tax Requirement.

If additional monies are needed to satisfy the Special Tax Requirement after the first and second steps have been completed, then the third step is applied. The third step states that the special tax shall be levied proportionately on each parcel of Public Property at up to 100 percent of its applicable Maximum Special Tax to satisfy the Special Tax Requirement.

Application of the first step generates special tax revenues of \$1,056,591 from Taxable Property and Taxable County of Riverside Property, which is more than sufficient to meet the special tax requirement for facilities for fiscal year 2017-2018 as outlined in Section III. Therefore, the fiscal year 2017-2018 special tax for each parcel of Taxable Property and Taxable County of Riverside Property is equal to approximately 64.82% of the assigned special tax. The fiscal year 2017-2018 maximum and actual special tax rates are shown for each classification of property in Table 3 on the following page. The Special Tax Roll, which lists the actual special tax levied against each parcel in CFD No. 2002-1, is shown in Exhibit A.
